THE STORY

In the Dark Ages, the Blood Queen Nimue (Milla Jovovich) unleashes a Plague on England until King Arthur (Mark Stanley) stops her with the Aid of Ganeida (Penelope Mitchell) , a Member of her Coven. Arthur uses Excalibur to dismember Nimue, and hides her Remains across England. When she returns in the present Day, it's up to Hellboy (David Harbour) and his Pals in the Bureau for Paranormal Research and Defense (B.P.R.D.) to stop her. Created by Mike Mignola, Hellboy is a Musclebound Scarlet-Skinned Demon who hunts Mythical Monsters on behalf of a Shadowy Paramilitary Organization, with the Help of Humans scarred by the Paranormal.... Hellboy is reborn, stridently repurposed as an Ongoing Franchise Property.

OUR REVIEW

When you watch a Human Body get sliced open or pulled apart, Computer-Generated Innards and carefully Digitized Fluids pouring out like wet confetti, it's Natural to feel repulsed... More gore, more cursing, more darkness straight from the Opening Minutes, we gather that the new Hellboy promises to be a gritty and witty Take on Mike Mignola's Demon Detective. A Big Part of Hellboy's Charm is that under his Invulnerable Hide he hides a Vulnerable Heart, and David Harbour transmits Melancholy and Anger through the Layers of Red Makeup.

The New Director, Neil Marshall keeps throwing Fantastical Beasts at you whose Job it is to gather up the Head and Body Parts of the Ancient Blood Queen, Nimue (Milla Jovovich), which were buried in Separate Caskets after she was severed into Pieces in the Sixth Century by King Arthur and his Mighty Excalibur... In the Earlier Films, Hellboy, in his Capacity as an Indentured Agent for the Bureau of Paranormal Research and Defense, had a Lively Team of Damaged Comrades but here he's got the Feisty Alice (Sasha Lane) whose Main Job seems to be to vomit out Psychic Holograms and Ben Daimio (Daniel Dae Kim), a Dyspeptic Japanese-American Soldier who, due to the Encounter that scarred his Face, can transform into a Hissing Jaguar. Professor Broom (Ian McShane), Hellboy's adoptive father and the founder of the B.P.R.D is also Part of the Team...
