The Avengers are a fictional team of superheroes appearing in American comic books published by Marvel Comics. The team made its debut in *The Avengers* #1 (Sept. 1963), created by writer-editor Stan Lee and artist/co-plotter Jack Kirby, inspired by the success of DC Comics' Justice League of America. The team has appeared in a wide variety of media outside of comic books including a number of different animated television series and direct-to-video films.

In 1960, DC Comics launched a comic book series featuring a team of superheroes called the Justice League. Impressed by that book's strong sales, Martin Goodman, the owner of Marvel Comics predecessor Timely Comics, asked Stan Lee to create a similar team of superheroes for Marvel. The team debuted in *The Avengers* #1 (Sept. 1963). Much like the Justice League, the Avengers were an assemblage of pre-existing superhero characters created by Lee and Jack Kirby.

The Avengers are the most prestigious and powerful super-hero team in the world, an ever-shifting assemblage of super-beings, adventurers and crime fighters devoted to protecting the planet from menaces beyond the scope of conventional authorities.

The two last films :

- 'Avengers: Age of Ultron' is a superhero film based on the Marvel Comics superhero team the Avengers. It is the sequel to 2012's *The Avengers* and the eleventh film in the Marvel Cinematic Universe. It was released in France on April 22, 2015 and directed by Joss Whedon. Written by Joss Whedon (originally by Stan Lee and Jack Kirby).

The film was written and directed by Joss Whedon and features an ensemble cast that includes Robert Downey Jr., Chris Hemsworth, Mark Ruffalo, Chris Evans, Scarlett Johansson, Jeremy Renner, Don Cheadle, Aaron Taylor-Johnson, Elizabeth Olsen, Paul Bettany, Cobie Smulders, Anthony Mackie, Hayley Atwell, Idris Elba, Stellan Skarsgård, James Spader, and Samuel L. Jackson. In *Avengers: Age of Ultron*, the Avengers fight Ultron, an artificial intelligence obsessed with causing human extinction.

- 'Captain America: Civil War' to be released in France on April 27, 2016. It stars Chris Evans, Robert Downey Jr., Scarlett Johansson, Sebastian Stan, Anthony Mackie, Emily VanCamp, Don Cheadle, Jeremy Renner, Chadwick Boseman, Paul Bettany, Elizabeth Olsen, Paul Rudd and Frank Grillo, with William Hurt and Daniel Brühl.

Marvel's 'Captain America: Civil War' finds Steve Rogers leading the newly formed team of Avengers in their continued efforts to safeguard humanity. But after another incident involving the Avengers results in collateral damage, political pressure mounts to install a system of accountability, headed by a governing body to oversee and direct the team.

The new status quo fractures the Avengers, resulting in two camps—one led by Steve Rogers and his desire for the Avengers to remain free to defend humanity without government interference, and the other following Tony Stark's surprising decision to support government oversight and accountability. Anthony & Joe Russo are directing with Kevin Feige producing.
